

Neither gods, nor men, nor the bookstalls allow poets the favor of being mediocre.

—Horace

Ten years ago today, June 19, 1942, a group of Arkansas newspaper publishers launched an experimental wire, the first of its kind in America, which today has become the standard operating pattern of 600 daily papers and the great news services, the Associated Press, United Press Associations, and the International News Service.

Instead of transmitting words to a teletype machine this new wire reproduced at each receiving point a copy of a perforated paper tape which, run through a linotype without an operator, turned its message into type — at about twice the speed of a good manual operator.

This was the Southwest Arkansas Teletypesetter Circuit. Associated with it were C. E. Palmer, publisher at Texarkana, Hot Springs and El Dorado; Ray Kimball, then publisher at Magnolia but now of DeQueen and Stuttgart; and myself. Assisting in the gamble was the Texas Newspaper Publishers' association, representing the dailies of that state. They loaned us \$5,000 interest-free in order to help pay for the automatic equipment which we were buying without knowing whether it would work. The gamble paid off, and the Texans long ago were repaid and given the operating information they desired.

The decision to try the automatic wire was made in 1940, and the equipment was ordered and manufactured in 1941, just before World War II. Installation was made the spring of 1942 and the wire opened June 19.

Mr. Palmer's Hot Springs New Era had installed Teletypesetter equipment for its own use some time earlier, so the perforated tape carrying the afternoon paper report of the Associated Press was fed into the transmitter and telegraphed to four distant evening papers: Hope Star, Magnolia Banner News, and Camden News — with the fourth paper, El Dorado Evening Times, at first receiving words on a standard Teletype machine (which it could do from the same impulse on the wire), but later accepting the perforated tape for automatic operation.

The four initial papers of that circuit of 10 years ago now have become nine, the others being: Texarkana Evening News, DeQueen Citizen, Stuttgart Leader & Arkansasian, Helena World, and Russellville Courier-Democrat — 10 including the transmitting paper, Hot Springs New Era.

All are members of the Associated Press, and to the board of directors of that great news-gathering organization is due credit for emergency action which made this wire experiment possible back in 1942. The Southwest Arkansas Teletypesetter Circuit was the only instance in the world where Associated Press copy was permitted to be handled by what was technically speaking a private wire.

But it long ago ceased to be a private wire. Today 600 daily papers from coast to coast, and all three of the great wire services are themselves Teletypesetter-operated. So today the telegraph tapes that are perforated at one point are interchangeable with any circuit in the land.

Ours being the first circuit, and our equipment the earliest, a slight improvement in the transmission code was adopted when AP, UP, and INS set up their coast-to-coast automatic systems. But the Arkansas circuit's equipment is being modified in 10 cities this week-end to bring it into synchronization with the national systems.

Ten years ago Arkansas folks made a great gamble, and as soon as World War II ended the rest of the nation's newspapers followed us. It was a feat that made Arkansas known all over the world — and we are proud of this anniversary.

U. S. Has More Money Left Than Expected

Washington, June 19 (AP) — The government is going to wind up its year two to three billion dollars better off than it expected. But it still will be deep in the red.

Government experts speaking privately, said today the deficit — the amount by which the government overpays its income — is likely to be less than 6-14 billion when the fiscal year ends June 30. It could be a low 5-13 billion.

President Truman, in his budget message last January, figured the government would go in the hole by \$8,200,000,000.

The President estimated total spending would jump 59 per cent above last year due to a huge expansion in rearming the U. S. and friendly foreign countries, but the military expansion hasn't taken place on that scale.

Cost of Living Moves Closer to All-Time Peak

Washington, June 19 — The government's latest cost-of-living barometer moved up today under pressure of rising food and rent costs to within a tiny fraction of the record high reached last January.

The living-cost index, measuring prices of food, clothing, shelter and a host of other things, climbed during the month ending May 15 two-tenths of one per cent to 189 per cent of the 1935-36 average. That is 4.1 per cent over the mark of 18 months ago when price and wage controls took effect. The peak figure last January was 189.1.

A million and a quarter rail workers will get an automatic 2-cent hourly wage boost as a result of the latest increase in living costs. Their work contract ties wages to the cost-of-living index and adjustments are made each three months.

Another 100,000 wage earners in textiles, aircrafts and oil refining industries also get at least a 1-cent boost.

Leading the over-all living-cost rise was a boost of four tenths of one per cent in rent across the grocery store moved up three tenths of one per cent.

But the price of clothing, of fuel and electricity and of house furnishings all dropped fractionally.

The 2-cent wage boost for the nation's railroad workers goes into effect July 1. The same rail workers three months ago lost a cent-an-hour when the Bureau of Labor Statistics cost-of-living index dropped between January and February. Since April, 1951, the railworkers have accumulated a total cost-of-living wage boost of 12 cents an hour.

Actually, BLS puts out two indexes, one called the new series and one the old series. The new series is the government's official measuring stick but most labor contracts which include cost-of-living clauses are tied to the old series.

The old series index moved to 190.4 up from 189.8 for the month ending April 15. Rail workers get one cent in wages for each full point movement in the index. The rise from the Feb. index, which living cut. Their next adjustment was 188.3, old series, this brings the rail workers their 2-cent increase.

Auto workers are not affected by the index published today. Last month they took a one-cent cost-of-living cut. Their next adjustment does not come until the July index is published in August. Almost all cost-of-living contracts are adjusted only every three months.

200 Chinese Die Attacking UN Position

By The Associated Press
U. S. Eighth Army headquarters estimated 200 Red soldiers were killed as air-supported Allied troops successfully defended their forward position southeast of Kumong.

For the second successive day Red guns were silent near the Allies' newly won T-shaped hill mass west of Chonwon on the Western Front. U. S. Shooting Stars made eight air strikes on Reds still dug in on the rocky ridge.

The Chinese Communists' Kumong assault began with fire from six self-propelled tanks or guns Wednesday night. Then five infantry platoons attacked and before dawn the Reds used their strength to surround a battalion, about 750 men.

After light exchanges of small arms, mortar and artillery fire, U. S. soldiers crippled a nighttime attack with their own counter-assault.

Grounded by bad weather Wednesday, Fifth Air Force fighter bombers reappeared today on close support missions against Red positions on both the Chonwon and Kumong sectors.

One flight of Allied Shooting Stars killed or wounded 75 Communists and shot up three caves reported shielding Red soldiers, the Air Force said. Land-based Marine planes attacked a Red supply building 20 miles north of Ponggang, on the Central Front.

More than 50 B-26s unloaded their bombs on front-line Red positions Wednesday night after the clouds had blotted out their usual targets of supply vehicles.

Red Cross to Start Swim Classes Monday, June 23

Red Cross water safety chairman, H. A. Spraggins, announced today that classes will begin on Monday, June 23 at the Hope Municipal Pool for beginner swimmers only.

Separate classes will be held for children, young people and adults, and all interested in taking these lessons are asked to register at the pool this week.

Classes for intermediate and advanced swimmers, and life saving will be announced later.

These classes are being conducted by the Red Cross and will be taught by Donald McQueen who recently returned from the Red Cross National Aquatic School at Ardmore, Oklahoma.

There will be no charge for the classes.

Swedes Build Defenses Against Reds

Stockholm, Sweden, June 19 (AP) — Traditionally neutral Sweden, irate over the shooting down of a Swedish plane by Soviet jet fighters, beefed up her already strong defenses against Russia today but was expected to still fight shy of participation in such Western alliances as the Atlantic Pact.

The Swedish government already has ordered a step-up in air attack alertness throughout the country and instructed its air force and navy to shoot back if fired on by Soviet planes. Neighboring Denmark also told its air force to return fire if attacked.

Swedish Foreign Minister Oesten Unden, cut short his Italian vacation after the incident and was due here by air from Rome today. But political observers expressed doubt that Unden's return would result in any change in Sweden's long-held policy of "freedom from alliances." She has been a neutral in European wars for more than 100 years.

Judge Pilkinton to Speak at Elder's Day Service

Judge James H. Pilkinton, who has returned from a meeting of the General Assembly of Presbyterians, will speak at a special Elder's Day Service.

Other elders taking part will be C. C. Spraggins, who will preside and pronounce the invocation, Elder Ched Hall will read the scripture, Elder H. B. Barr will give the morning prayer, and Elder U. McKenzie will give the benedictory prayer.

Special music will be "Hear My Prayer," Lord.

This service will be broadcast over KXAR.

Screwballs Seem to Love Mr. Boyle — Perhaps They Find in Him a Sort of Kindred Spirit

By HAL BOYLE

New York, June 19 (AP) — The place where I work is full of desks but this stranger in the soiled white shirt naturally had to walk up to my desk.

"I been up all night," he said belligerently. "You don't expect me to stay up all day, too, do you?"

"No, indeed," I murmured. "Well, I'm going to stay up until I get the rules clarified," he said. "Does a baseball fan have legal rights or doesn't he?"

"Of course, he does." "They can't throw a fan out of the ball park just for hollering, can they?"

"Oh, no, indeed." "That's what I told them after they threw me out of the park last night," said the stranger. "I knew I was right all along."

And he walked out of the office, completely happy.

My visitor was obviously a righty screwball, and I fell to thinking: "Why, out of all the ears in sight he could bend with his tale of woe, did he pick on my ears?"

The only answer I could find was that in me he instinctively recognized a kindred soul.

Screwballs seem to love me, and I must confess I find them fascinating. Too. Looking back on 20 years of newspaper work, I expect I must have spent at least 15 of them listening to screwballs.

Every newspaper office is visited by an almost daily parade of mildly daft crackpots, and the man assigned to the chore of hearing them is sometimes known as "the screwball editor." I always loved this work myself, although it makes some reporters nervous, particularly if the visitor is carrying a small parcel that could turn out to be a home-made bomb.

Battle Shapes U. S. Denounces Russia's Charge

United Nations, N. Y., June 19 (AP) — A full-scale battle over germ warfare appeared to be shaping up in the United Nations today after the United States denounced Russia's latest move as a fraud.

The new Soviet proposal was a request that the U. N. Security Council appeal to the United States and several other countries to ratify the 1925 Geneva Protocol outlawing bacteriological weapons.

Soviet Delegate Jacob A. Malik presented his resolution with a brief, mildly worded speech, carefully avoiding any mention of previous Communist charges that the U. S. had used germ warfare in Korea.

Both delegates and audience—expecting another blast at the Americans—listened in amazement as the usually sharp-tongued Malik made his appeal in soft tones and conciliatory words.

Despite Malik's avoidance of the Korean issue, U. S. Delegate Ernest A. Gross harked back to the earlier Communist charges as soon as he got the floor to reply.

Gross said the Communist charges of germ warfare were part of a campaign of lies and that there was no evidence this campaign had been abandoned. He continued his attack despite efforts of Malik, as the June council president, to rule him out of order.

Malik said the proposal which the Soviet government had presented had no relation whatsoever to the Korean question.

Gross charged the Soviet proposal was a fraudulent effort to make the world believe Russia and other parties to the Geneva treaty had given up germ warfare.

The United States, Brazil and Pakistan are the only Security Council members which have not ratified the protocol. President Truman withdrew the pact from Senate consideration in 1947, terming it an obsolete "paper pledge approach."

Gross said yesterday that the U. S. was in favor of real prohibition of germ weapons, but only under adequate safeguards to make sure there were no evasions or violations.

Lieblong to Bring Message Sunday at Christian Church

J. I. Lieblong will be guest speaker at the First Christian Church Sunday morning, June 22, at 10:50. His subject will be "The Building of Character."

Mr. Lieblong will fill the pulpit in the absence of the Minister who is away directing the Chi Rho Camp at Okolona. The minister and young people will return in time for the Evening Service at 7, at which time reports will be given by those who attended the camp.

Youth Runs Across Road Into Moving Car, Unhurt

William Nash, 5-year-old Negro youth of near Fulton, Wednesday ran across the Highway to join his sister on the other side and snatched squarely into the side of a passing automobile. Deputy Sheriff Allen Shipp reported today.

The youth was rushed to a local hospital for treatment and later released. He was not seriously injured.

Deputy Shipp said the auto was driven by Richard D. Vallon stopped and gave aid. No charges were filed.

Anniversary of Teletype Circuit

Hot Springs, June 19 — (Special) — Ten years ago today a small group of Arkansas newspapers took the first major step forward in a revolutionary form of news transmission.

The newspapers, all affiliated with the C. E. Palmer interests, launched the nation's first teletypesetter wire circuit. In this process, news transmitted from a central point is received simultaneously by all newspapers on the circuit in the form of a perforated tape which is fed directly into typesetting machines, operating them automatically. A master tape perforated at the sending point goes through a transmitter setting up electrical impulses which "punches" identical tape in perforators at the receiving points. The basic principle of the typesetter operation is similar to that of a player piano.

Prior to the Arkansas experiment, the transmission of news in this manner had been tried successfully between two points, but no attempt had been made to develop it further.

C. E. Palmer, South Arkansas publisher, had long toyed with the idea that the method could be used successfully in serving a group of newspapers in the same manner that press associations and news to their members or clients from a central bureau over orthodox telegraph circuits.

The press associations were not ready at that time to try the experiment, so Mr. Palmer decided to step out on his own. Consequently, on June 19, 1942, with the Hot Springs newspapers as a sending point, a day teletypesetter wire circuit went into operation, serving the El Dorado Times, the Hope Star, the Camden News and the Magnolia Banner-News.

Although the early operation was beset by many technical and mechanical problems which had to be gradually overcome, it was a success from the beginning. "Once through the pioneering stage, growth of the idea was phenomenal."

The day circuit is now serving a total of nine newspapers, exclusive of Hot Springs, and three years ago a night circuit was set up to serve the Texarkana Gazette and the El Dorado News. Other afternoon newspapers which came onto the day circuit are the Texarkana News, the Russellville Courier-Democrat, the DeQueen News, the Helena World and the Stuttgart Daily Leader.

The teletypesetter wire originally transmitted news at the rate of about 50 words a minute. One year ago the wire was speeded up to 73 words a minute. Operating continuously from 7 a. m. to 1 a. m., it moves a tremendous volume of Associated Press and United Press news received in the office of the Hot Springs New Era and The Sentinel-Record over leased telegraph wires. It is probably the only news wire in the country over which news from these two competing press services is moved as a combined service. Syndicated columns and other special features are also transmitted.

Growth of teletypesetter use has not been confined to the Palmer and associated newspapers, however.

The Arkansas experiment soon attracted nationwide attention among publishers, many of whom made special trips to the state to study the operation.

Several years after inauguration of the Arkansas wire, similar private circuits were set up by cooperative or chain newspaper groups in other states. A year ago the press associations became interested and began establishing state and regional circuits.

Ten years after Mr. Palmer pioneered the idea, teletypesetter circuits throughout the country number more than 50 and serve newspapers in every state in the union. Large circuits are also operating in three Canadian provinces.

14 Koreans Are Placed on Trial

Pusan, Korea, June 19 (AP) — The Republic of Korea today secretly placed 14 men on trial on a charge of conspiring with Reds to overthrow the United Nations-sponsored government.

Truman Hints Use of TH Law, Declares Tax Increase Is Needed

NOT ACTING — Lou Costello, Pudgy comedian of the Abbot and Costello team, ducks behind his attorney Nathan O. Freedman following his arrest in Hollywood for drunk driving. Police said the actor was driving on the wrong side of the street and narrowly missed a head on collision.

(NEA Telephoto)

Indicates Any Reduction Is Danger to U. S.

Washington, June 19 (AP) — President Truman said today the steel strike is creating a serious situation. Gen. Eisenhower said he is a friend of his and no President can cut taxes 15 per cent.

Truman raved through those suggestions—and a few others—at his news conference. He said that he isn't running for office, so he can't give the facts about cutting taxes. Actually, he said, they ought to be increased in order to meet the deficit.

Sen. Robert A. Taft of Ohio, along with Gen. Dwight D. Eisenhower, is a leading contender for nomination said yesterday he would put in a 15 per cent tax cut bill, became President.

Mr. Truman was asked if he thought any Democratic proposal could trim taxes that much. He didn't, he said. And if it could have been reduced that much he would have done it.

Then could any Republican President slash taxes 15 per cent? No, Truman said, not unless he wants to put the country "in the hole" then it is.

Eisenhower has not gone as far as Taft in promising a tax reduction but he has said a reduction would be possible in about five years.

Well, after all the speeches Eisenhower has been making, Truman still like the general, he still thinks Ike is a nice guy, course he still considers Eisenhower a friend.

"You 'with him' look at Truman chucked. Becoming one, Mr. Truman conceded, gave no indication as to any he might have in mind to meet the morning papers, he remains show automobile manufacturing being cut back and if that's serious he doesn't know what to do.

The question of using the Hartley Law is under consideration. Mr. Truman said, but he hasn't been right along. He hasn't asked whether he thought should or would use the law.

The President said he regarded use of the law as "purely mischievous" as a reporter put it, rather than mandatory.

And he commented that he pretty hard to force when doesn't want to do anything pretty hard to hold back when wants to do something.

"If steel production is so vital," a questioner inquired, "don't you take the 80 days, as Hartley injunction would provide?"

Ninety-nine days have been already, Truman replied, more would just prolong the steel production for 80 days.

One reporter said: "You know that?"

When asked whether he was playing that steel workers would obey an injunction, Truman said: "He said they did obey."

The conference was largely critical and produced at least in the direction of Avera, man, one of the Democratic candidates for President.

Truman's win in the District Columbia primary Tuesday was anything else than what a reporter termed a "cleansing" for the New Deal.

But Truman's victory doesn't intend to "express" on a Democratic candidate the national convention, probably not until after inauguration is made.

Legion Members Name Officers

Members of the American Legion met tonight at the El Dorado Hotel for the purpose of naming officers for the coming year.

The officers named were: President, J. I. Lieblong; Vice President, J. I. Lieblong; Secretary, J. I. Lieblong; Treasurer, J. I. Lieblong; and members of the board of directors.

Ingrid Has Twin Girls in Italy

Rome, June 19 (AP) — A wan and weary Ingrid Bergman shed tears of joy today as she got her first good look at her day-old twin daughters.

Isabel, seven pounds three ounces, and her younger sister by half hour—eight-pound, five-ounce Ingrid—dazed in fitful unawareness of their international publicity.

Sharing his wife's joy after a night-long vigil at her bedside in the flower-packed hospital room was Roberto Rossellini, for whose love the blonde Swedish film star abandoned her husband and a Hollywood career. The couple have a son born in 1950.

The twins, two weeks overdue, were born last night at the fashionable Salvatore Mundi Hospital.

The 35-year-old mother was reported doing well.

Dr. Pier Luigi Guidotti, who assisted in the birth, said the film star "erred when she saw her babies and was happy because they were perfect babies and just what her husband wanted."

Messengers delivered congratulations from all parts of the world and telephone calls clogged the hospital switchboard.

Marring the hour of the Rossellini happiness was a legal battle with Miss Bergman's ex-husband, Lindstrom is fighting in a Los Angeles court a request by the actress to have her first-born, 13-year-old Jenny Ann, visit her in Rome this summer.

Lindstrom testified that Rossellini had a reputation as a drug addict and a man of loose morals.

Special Program Sunday at Garrett Memorial Church

The following program will be given Sunday night in the auditorium of Garrett Memorial Baptist Church beginning at 7 o'clock.

Theme: "Using Our Opportunities"

Devotional: Gladys Mae Roberts
Part 1: "Some Teamwork" — Alice Nell Vocum.
Part 2: "Our First Great Opportunity" — Mrs. Elbert O'Steen.
Quartet: Arranged by Wade Warren.

Part 3: "We As Custodians of the Faith" — Janelle Warren.
Part 4: "We Are Stewards of the Lord" — Mrs. J. J. Roberts.
Solo: Danna Lou Cunningham.
Part 5: "Opportunities Lost Are Never Regained" — Gwen Frith.

GOP Ruling on Texas July 1

Washington, June 19 (AP) — The Republican National Committee will rule early next month on convention delegate disputes in Texas and six other states—a 72-vote total that could decide a close presidential nominating race.

The committee's ruling, after a hearing, to begin July 1 in Chicago, is almost certain to be decisive, ultimately, in the contest.

'Phone Co. Cites Losses at Blevins and Prescott

Little Rock, June 19 (AP) — Southwestern Associated Telephone Company says it made only \$93,144 from its Texarkana exchange in 1951.

In a report to the Arkansas Public Service Commission yesterday, the firm said its operating income was \$90,455 in Texarkana but deduction of interest on funded debt and other fixed charges reduced the net income to \$63,144.

The report was made in response to a request of attorneys for Texarkana and other cities which are protesting the company's application for a rate increase.

The company said it operated at a loss at Augusta, Prescott and Blevins during 1951.

'Vice Nest' Trial in Second Day

Memphis, June 19 (AP) — The government today resumed its drive to convict an Arkansas couple of running an energetic "nest of vice."

The Federal Court hearing is one of the biggest white slave trials since Memphis, once a rolistering river town, went respectable 20 years ago.

The prosecution said it was out to prove Mr. and Mrs. Buddie Peeler lured women who desperately needed money — across the Mississippi River for immoral purposes.

The Peeler family formerly operated a Crittenden County, Ark., roadhouse called the Jungle Inn. They denied the 17-count White Slave Act indictment.

Police described the Inn as part of one of the biggest vice rings in the mid-south in many years. One investigator estimated about 75 women were involved.

In opening testimony yesterday, five of the women called by the government as witnesses testified about "820 dates" at the Inn's convenient tourist cabins.

Carmelita Romana Timmer said she quit a carnival here last year, ran out of money and soon found herself working at the Inn.

"I was on my uppers," the California redhead said. "And I decided to cross of man river."

Mrs. Virgie Mae Boggs of Batesville, Miss., a bouxom blonde who used to be a stenographer, told the all-male jury how she came to be employed at the Inn.

"I needed money," she said. "My little girl was sick."

She testified she talked to Peeler about a job and, after some hesitation, accepted.

"I was to be a waitress in the stag room," she said. "All men bought me beer, I was to drink water in a beer can and a man was to dance with him."

Arriman in Arkansas for Delegates

Rock, June 18 (AP) — Arriman brings his campaign for Democratic nomination for United States Senate today, with victory in the District of Columbia in his pocket. Arriman, who told newsmen tonight that he thinks he'll win nomination, is scheduled to arrive by chartered plane in Little Rock at 11:30 p.m.

His schedule of activities includes a luncheon with Arkansas Democratic delegates, a press conference, a reception banquet and a 4:30 p.m. breakfast with delegates.

STOCK MARKET

New York, June 18 (UPI) — Stocks advanced slightly at a moderately active opening today.

It was the third rise in a row, and followed a substantial improvement on an increased volume yesterday.

Traders were impressed with yesterday's volume increase with prices rising. Market men said the rates of trading in the near future would do much to determine the trend of the list.

Before the opening today, small buying orders were reported coming into the brokerage offices.

Trading lightened after the opening with prices steady.

The scientific name for the common dog is *canis familiaris*.

Steel Strikers Now in Strain Financially

Pittsburgh, June 18 (AP) — Philip Murray's striking CIO United Steelworkers are beginning to show signs of financial hardship as the 15-day-old walkout bites ever deeper into the national defense program.

Walter Rife, president of a big steelworkers' local at Jones and Laughlin Steel Corp. in Pittsburgh, says several requests for financial assistance have been received from steelworkers' families.

The powerful union does not provide strike benefits. However, most of its leaders are reported in healthy financial condition and ready to cut any hardship cases.

Referring to his members, Rife said: "They're just coming out of money."

So far, we have ordered them to state and county welfare groups, but we plan to set up our own welfare organization this week."

In addition to the 650,000 striking steelworkers, more than 100,000 in allied industries have been laid off as a direct result of the strike.

Most of the 100,000 are employed by railroads and coal mines, but the crippling strike is also being felt in other fields.

One of the hardest hit sections is Alabama, where more than 25,000 steelworkers and coal and iron miners now are idle.

The steelworkers union says there are "hardly any" hardship cases among strikers.

Mullins Manufacturing Company at Warren, O., said it will put production of armor and artillery shells on a three-day-a-week basis at its Liberty plant in Warren and a division of its Plant 3 at Salem, O.

Ford Motor Company is starting a four-day week for most of its manufacturing operations and assembly plants this week. This will delay plant shutdowns.

Seeger Refrigerator Company at Evansville, N. J., notified workers it will close indefinitely July 3 because of a steel shortage. The company did not say how many workers would be affected.

In Philadelphia, what is believed to be the first union shop agreement in the basic steel industry was reached between the Midvale Company, which employs about 3,500 workers, and Local 10007 of the A.F.L. Federal Labor Union.

With the union shop, a major issue reportedly blocking a settlement of the dispute between the basic industry and the U.S.W. Midvale employees received a 12 1/2-cent hourly pay boost plus other benefits to bring each worker a package wage increase of from 22 to 24 cents an hour.

KEFAUVER TO DETROIT

Detroit, June 18 (AP) — Sen. Estes Kefauver of Tennessee, candidate for the Democratic presidential nomination, will arrive in Detroit tomorrow for parleys with national convention delegates and labor leaders.

Troublesome Compound Peaceful

Koje Island, Korea, June 18 (AP) — Compound 62, scene of Kojima's bloodiest prisoner riot, was emptied peacefully today of some 60,000 prisoners.

6,000 pro-Communist North and South Korean civilian internees. Their transfer to more manageable groups of 500 raised to 60,000 the number of inmates relocated since Operation Breakout started 10 days ago. Kojima holds 60,000 prisoners.

What's the big idea of DYNAFLOW DRIVE?

6-passenger Super Convertible

There are all sorts of "drives" and "shifts" on the market.

Some still operate entirely by hand. Some depend on shifting gears, but do this automatically. Some feed the power through oil, but use a lock-out device at cruising speeds.

But we still think the Dynaflo is the best of all for the simple reason:

The big idea of Dynaflo Drive is to make life easy for the driver.

In traffic, you can start and stop, slow down, accelerate with complete and reliable smoothness because no gears have to shift, ever, in Dynaflo Drive. So there's no lurch, buck or bobble. Dynaflo always feeds power with a steady, willing response at 3 miles an

hour or 30—or as high as it's legal to go. On hills, you get the same sure, steady, unfaltering power-feed for the same reason. No gears ever shift.

On a long day's drive, you can ride with wonderful freedom from tension—your foot relaxed on the throttle—because you always drive through oil.

And at any speed you get a smoother ride, in part because Dynaflo Drive provides such a smooth and gentle linkage between that mighty Fireball 8 Engine and the rest of the chassis.

But this is not all. Our service records show that Dynaflo also makes life easier for your bank account. It saves wear and strain on the engine, banishes the cost of clutch repairs, saves strain on the transmission and even on the rear tires.

There are a lot of other good reasons for buying a Buick—its style, its room, its ride, its power, its thrift, its durability—and its price.

When you can get all this—plus Dynaflo Drive—why be a holdout? Come in and give Dynaflo a try today.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Sure is true for '52

Friday, June 20

The Fulton Rose Garden Club will have their annual picnic at 6:30 Friday evening at Cox's Service Station. All members are urged to be present as this is the last meeting of the year. If you plan to attend, please contact Mrs. Jim Moore.

Friday, June 27

The "Button and Bows" square Dance Club will have a dance at the coliseum Friday, June 27. The public is invited.

Mrs. John L. Mills Honored

With Pink and Blue Shower
Mrs. W. M. Ramsey honored Mrs. John L. Mills with a pink and blue shower Tuesday night at Fair park.

The honoree was presented a corsage of baby rattlers and was the recipient of many useful gifts. Several games were played with Mrs. Bill Marlar winning the prize, after which the hostess served ice cream, cake, and iced drinks to thirty guests present.

Hope Association of Nurses Elects Officers

The Hope Association of Licensed Practical Nurses met at City Hall Tuesday night, June 17, and elected the following officers:

President, Mrs. Eldridge Cassidy, vice-president, Mrs. William Garrett, secretary-treasurer, Mrs. Alvin Robertson, reporter, Miss Emma Hartsfield, program committee, Mrs. Genevieve Laster, chairman, Mrs. Cassidy, Mrs. Robertson, and Mrs. Laura Braden, membership committee, Mrs. William Garrett, chairman, Mrs. Eva Faulkner, Mrs. Jettie Butler, telephone committee, Mrs. Wessie Poole.

The next meeting will be held

at the home of Mrs. Eldridge Cassidy July 21.

Circle 5 of WMS Meets Monday

Circle 5 of WMS of the First Baptist Church met Monday afternoon at 4 o'clock at the home of Mrs. Franklin Horton.

Mrs. Gus Haynes, circle leader, opened the meeting with prayer and conducted the business session. Mrs. Royce Smith was in charge of the program on "Christ's Call to Youth." She gave a report on the Baptist work being done in Havana, Cuba.

The hostess served an ice course to ten members and one guest present.

Mary Malone, John Cleary

Wed in Dayton, Ohio

St. Albert the Great church, Dayton, Ohio, was the scene of the wedding of Miss Mary Virginia Malone and John Ward Cleary on Saturday morning, June 14, at 9 o'clock. The bride is the daughter of Mr. and Mrs. John M. Malone of Dayton and the groom is the son of Mrs. Howard Cox of Chicago and Daniel A. Cleary of West Palm Beach, Fla.

White gladioli and carnations on the altar formed the background for the double ring ceremony performed by Father Joseph H. Rolfe, Eleanor Pisaceno and Harold King were the soloists and the St. Albert the Great choir, under the direction of E. C. Kuhlbander, presented a program of nuptial music.

The bride given in marriage by her father wore a white organza butterfly length gown styled with an overskirt applied with white, padded pique roses. The scalloped neckline was appliqued, also. She wore matching white organza mitts and a three-quarter length tulle veil caught to a hat of appliqued material covered with the same tulle at the back of the hat. White carnations and baby breath on the white lace formed the nosegay carried by the bride.

Mrs. Martin A. Boyle of Hasbrouck Heights, N. J., was matron of honor, and bridesmaids were Mrs. John F. Malone and Miss Mary Alice Fogle of Cincinnati. The bride's sister, Miss Anne Malone, was junior bridesmaid and flower girl was Kathleen Anderson of Piqua. With their mint green organza ballerina gowns trimmed in emerald green the attendants wore pale green horseshoe bouquets and carried pale green horseshoe hat baskets filled with carnations and green leaves.

Robert M. Shanhouse of Magnolia, Ark., served as best man. Ushers were the bride's brothers, John F. Malone and Norman H. Malone, and her uncle, Robert F. Sprague of Roslyn Estates, L. I. For her daughter's wedding Mrs. Malone chose a conflower blue lace and chiffon gown with matching hat and white accessories. Her corsage was a white orchid.

A wedding breakfast was served at Highview Terrace in Bellbrook followed by an afternoon reception at the home of the bride's parents, Mr. and Mrs. Cleary then left for a trip to Florida, Mobile, Ala., and New Orleans, after which they will be at home in Hope.

For travel Mrs. Cleary wore a navy blue and white checked suit with a white straw hat trimmed in red rosebuds, navy blue accessories, and a white orchid. The bride is a graduate of Judene High School and attended the University of Dayton. She is known for her radio and television work in New York and for her Broadway performances. Mr. Cleary attended the University of Alabama.

Coming and Going

Mr. and Mrs. Robert Lewis and Mrs. W. T. Rowland have as their guests, SFC and Mrs. W. P. Rowland and daughter, Mary Ann, of 21 Paso, Texas. Sgt. Rowland is on leave prior to his departure for an overseas station with the European Command.

M Sgt. and Mrs. C. S. Tyborski arrived yesterday from Waco, Texas, for a visit with Mr. and Mrs. Robert Lewis after which Sgt. W. P. Rowland and Sgt. Tyborski will proceed to the port of embarkation.

Mr. and Mrs. Charles Rowland and daughters, Cheryl and Cynthia, arrived Tuesday from Hanford, Calif., for a visit with Mr. Rowland.

Saturday night, June 21, sponsored by Stewardess Board No. 1.

The Gospel Trumpets will stage a program at Mt. Zion CME church Sunday night, June 22. The public is invited.

Mrs. Gladie Porter and son Larry of Los Angeles, Calif., arrived Tuesday to spend a few days with her parents, Mr. and Mrs. Frank Johnson.

Jerry and Donald Walker of Los Angeles, Calif., are visiting their grandparents, Mr. and Mrs. Frank Johnson.

Mrs. Dorothy M. Thompson and

daughter, Cheryl, left Wednesday for Camp Crowder, Mo., to spend a few weeks with their husband and father, Lt. Bill Thompson.

St. Andrew's Lodge No. 10 will meet Friday night June 20 at 7:30 at the hall. All members are asked to be present.

V-P Job Offered to Sen. Knowland

San Francisco, June 19 (AP)—The Chronicle said last night in a special dispatch from Washington that Sen. Robert A. Taft had personally offered the Republican vice-presidential nomination to California

Sen. William F. Knowland if he would throw his weight to Taft for President at the Chicago GOP convention.

The dispatch quoted "excellent sources," otherwise unidentified. The Chronicle said Knowland would neither confirm nor deny the report. Knowland, who is on the California Republican presidential delegation pledged to the state's Gov. Earl Warren, said he was for Warren and would refuse to take part in any trading "before the convention."

Only a few generations ago many English words were spelled in several different ways by reputable writers.

Quads Born to Woman in Massachusetts

Weymouth, Mass., June 19 (AP)—Mrs. Marion L. Manning, 27, is the mother of healthy quadruplets today.

Three boys and a girl were born to her at South Shore Hospital last night. She has three other youngsters.

The first child, the girl, was 10:13, and the third and fourth 11 and 16 minutes.

The babies, all placed in incubators, were reported to weigh between two and three pounds each and to measure about a foot long.

Several hours after the last birth, hospital physicians reported their condition as fair.

All four deliveries were described as normal by Dr. Robert R. Ryan, who delivered the babies with the assistance of Dr. Edward J. Howley.

Dr. Ryan said that Mrs. Manning was doing well and will be allowed to sit up today if she feels strong enough.

Mrs. Manning entered the hospital May 24 for a virus infection. She remained there until the births on advice of her husband, John, a 33-year-old bus line operator, who explained he did not want to risk a premature arrival without medical attention.

"What would I do if they came while she was at home," he said.

Manning was not at the hospital when the first birth occurred. He had left word with the hospital officials that he would remain at home awaiting phone call.

His wife went into active labor one hour and 18 minutes before the first birth.

The babies were baptized quickly after birth by the Rev. William J. Commune, a Catholic priest. The first baby, hospital officials said, gave a healthy scream as the water was poured on its head.

Hospital officials described baptism so soon as the "usual precautionary measure." It is often done in premature births.

The infants, due Aug. 15, were nearly two months premature, but physicians explained that such multiple births rarely go full term.

According to medical sources quadruplets occur once in every 600,000 births.

X-rays taken at the time Mrs. Manning entered the hospital in May indicated she would give birth.

Nurses at the hospital said Mrs. Manning "was wonderful throughout. When she was having severe pains early in labor she never murmured."

The spare white-haired Dr. Ryan said, "It is a great responsibility to deliver so many babies but it is a privilege for a physician, too."

PSC to Decide on Bell Rate

Little Rock, June 19 (AP)—The Arkansas Public Service Commission says it will decide on a new rate schedule for Southwestern Bell Telephone Company, without holding further hearings.

The company has filed a schedule of rates with the PSC to conform with a Supreme Court ruling allowing the firm a \$3,177,000 yearly rate increase.

Commissioner John R. Thompson said yesterday that no additional hearings will be held. He said Bell had filed information asked by City Attorneys O. D. Longstreth Jr. of Ft. Smith. The attorneys asked the commission to adopt a schedule which would reduce the currently used rates by 13 per cent for subscribers in all exchanges.

Marine Corps to Get Much Bigger Voice

Washington, June 18 (AP) — A group named to iron out differences in Senate and House bills has agreed to strengthen the Marine Corps and give it a bigger voice in military policy.

But the joint Senate-House committee discarded House-approved provisions to make the Marine commandant a permanent member of the joint chiefs of staff and to set a minimum strength of 220,000 enlisted men for the Marines.

The compromise bill was worked out yesterday. It now goes back to both House and Senate for final action.

House Armed Services committee officials said these were the main points of the agreement:

The Marine commandant would sit with the joint chiefs as a "co-equal" on matters affecting

the Marines, with the same voice and same right of appeal as other members. He now is an adviser.

The Senate bill proposed to give him a consultative status.

2. The maximum strength of the Marines would be 400,000 men, plus officers, and the proposed minimum would be eliminated because no other service has one. The ceiling has been approved by both houses.

3. For the first time, the law would specify the organization of the Marines into three combat divisions and three air wings. These would not necessarily be maintained at full strength continuously. House conferees originally proposed four divisions and four air wings.

Sen. Long (D-La.), acting chairman of the Senate group, said the compromise plan would "insure that the Marine Corps will not be whittled down into small units, the size of a battalion or smaller."

The Senate passed a Marine bill last year. The House enlarged it with the controversial troop minimum and full Marine membership on the JCS, which led to opposi-

Korean Air Ace Pauses for Tribute

San Francisco, June 18 (AP) — Col. Francis (Gaby) Gabreski, America's No. 1 living air ace, paused today in a hero's homecoming to pay tribute to his father—and to all United Nations forces in Korea.

Gabreski, 33, officially is credited with 40 planes destroyed—6 in Korea and 33 in Europe in World War II.

"Your recognition of me is more than a tribute to one individual," he said after a big parade down Market Street and an official civic welcome yesterday. "It is a tribute to the thousands who are at this very moment carrying the fight to the enemy in Korea."

Today he gave his father, Stanley Gabreski of Oil City, Pa., credit for an American success story.

"He came over from Poland in 1904 looking for freedom and an opportunity to live," the colonel said in an interview. "In spite of lack of knowledge of the language and customs, he worked hard—for \$1 a day—in a grocery store. Finally he was able to own his own grocery business."

"He was able eventually to make a comfortable living and to send his five sons and daughters to university to become better citizens. Only the hard work and effort of my dad and mother gave us the advantages we have today."

Italian Reds Face Stern Action

Rome, June 18 (AP) — Italy's big Communist party today faced a threat of stern government action against any Red attempts to undermine the nation's democratic government under the cloak of constitutional liberty.

"As long as I and my colleagues are in power, we will never allow anyone to prepare a revolution," Premier Alcide De Gasperi sharply told the tense chamber of deputies in answer to new Communist screams against Gen. Matthew B. Ridgway's first visit here as NATO commander in Europe.

Ridgway, meanwhile, scheduled a flight to inspect Atlantic Pact units in northern Italy after conferences last night and today in Naples. Crowds lined the streets for his arrival there yesterday but there was no sign of disorders.

De Gasperi spoke out against the Reds in a bitter parliamentary exchange with Communist leader Palmiro Togliatti, touched off by Ridgway's emotional denial just before he left Rome that "as God is my witness, germ warfare never has been used by the United Nations forces in Korea."

The premier made no definite threat to ban the Italian Communist party, which now has 130 members in the chamber, but he promised that "if present laws are not enough" to protect the civil and political rights "of all the people, we will provide more."

Arkansans Are Rotated Home

San Francisco, June 18 (AP) — The transport Gen. William Weigel arrived here yesterday from Korea with 1,320 members of the First Marine Division and First Air Wing coming home on rotation.

Arkansans aboard the ship included:

Sgt. Jack D. Barnes of Monticello.

Sgt. Billy W. Belding of Hot Springs.

Cpl. Earl J. Colvin of Eureka Springs.

Cpl. Harry G. Elmore of De Queen.

Second Lt. Alfred A. Ferguson of De Queen.

Cpl. Ralph N. Glaze of Bald Knob.

S-Sgt. William E. Howell of 1323 Washington Street, Little Rock.

1st Lt. Orville C. Peckey of Widenor.

T-Sgt. Homer H. Pollard of Batesville.

Capt. Ivan C. Richardson of 1807 Games Street, Little Rock.

1st Lt. James E. Thornton of El Dorado.

Cpl. Dennis H. Waters Jr. of West Fork.

Sgt. William R. Yehling of Henning.

Propaganda Chief Imprisoned

Manila, June 18 (AP) — William J. Pomeroy, American propaganda chief for the Communist Huk, and his Filipino wife Celia today were sentenced to life imprisonment for armed rebellion in the prison.

The courtroom was crowded with armed guards and military agents to prevent any Huk rescue attempt.

Pomeroy had been in the hills with the Huk more than two years. Philippine troops captured him March 11, 40 miles northeast of Manila. His wife was captured a few days later.

There was a \$15,000 price on his head. He was described by intelligence officers as a leading Huk brain trust and director of propaganda.

He was an enlisted man in the U. S. Fifth Air Force in 1944 in the Philippines. He made his first contact with the Huk in World War II.

After his arrest, he described himself as a writer and lecturer in Communist "State universities" hidden in the Luzon Mountains.

Paratyphoid Fever Takes Two Lives

Lepanto, June 18 (AP) — Mississippi County Coroner E. M. Holt of Blytheville says two children in one family died here this week of paratyphoid fever.

A third child is reportedly recovering from the disease in a Searcy hospital.

Coroner Holt said Rosie Bell Griffith, 7, died Thursday and her sister, 5-year-old Zella Mae, died Saturday. They were the daughters of Mr. and Mrs. Grover Griffith of near Lepanto.

Pleads Innocent to Slugging Pearson

Washington, June 18 (AP) — Lobbyist Charles Patrick Clark pleaded innocent today to a charge of assault on Drew Pearson, the slugged columnist.

Judge Andrew Howard of the District of Columbia Municipal court set Clark's trial for July 2 after Attorney George McNell, an associate in Clark's law firm, asked two weeks to prepare the case.

Clark was released on his personal bond. Pearson was not in the courtroom.

Attorney William A. Roberts represented him. Clark had talked freely yesterday about the one-punch brawl in the lobby of the Mayflower Hotel, but today he declined to say anything more to newsmen about the slugging.

Happy Is The Day When Backache Goes Away

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow down of kidney function. Doctors say good health, when none everyday condition, such as stress and strain, causes this important function to slow down, many folk suffer nagging backache—feel miserable. Minor backache is nothing to sneeze at. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's gives happy relief from these discomforts—helps the famous kidney tubes and lets them flush out waste. Get Doan's Pills today!

Another Russian Officer 'Dies'

Moscow, June 18 (AP) — Moscow newspapers announced today the death of Maj. Gen. Eugene Alashin, a chief faculty member of the famous Krumke Military Academy since 1949. He was 51.

Alashin was the third Russian major general whose death was announced in the last two days.

Pearl Harbor court martial of conduct prejudicial to good order and discipline and sentenced to a bad conduct discharge. The court martial was ordered after Hopping complained to newsmen about his superior officers.

The Azores island, in the Atlantic
 Ocean are sometimes linked po-
 etically to the fabled "lost contin-
 ent of Atlantis." The legendary
 land that Arabian geographers dis-
 covered only in medieval writings.

Hope Outlasts Barksdale Team 11 to 8

Hope Legionnaires collapsed the
 Bombers of Barksdale 11 to 8 last
 night at Fair park.

Hope scored in the first on a
 double by Gentry and Bob White's
 sacrifice. They picked up another in
 the second when Barksdale singled.
 The Bombers got two hits and a
 run in the second and Charles
 Barksdale threw out a man at home
 on a sacrifice field.

In the third the victors pulled
 away on three hits that netted
 three runs and picked up two more
 in the fourth and single rallies in
 the seventh and ninth.

Hits by White and Ross scored
 two more for Hope in the fifth and
 in the seventh the local lads really
 broke loose, scoring four on hits
 by White, Ross, Shuffield, Hopsan,
 and White.

Early Hopsan, winning hurler, al-
 lowed two runs on three hits, walk-
 ed seven, struck out three. Top
 Smith started for Hope, allowed
 four runs on five hits, walked
 four, and gave up one run on two hits.

Nease of Barksdale and his re-
 net Dickerson both gave up four
 runs on four hits before Jenkins
 came in to allow three more runs
 on two hits.

Totals
 Barksdale 013 200 101 -- 8
 Hope 110 020 438 -- 11
